

## New Initiative: Talent Source

New York - Accessories Council and LIM Announce TALENTSOURCE Partnership

Post jobs! View resumes!

Accessories Council and LIM Present

TALENTSOURCE

A New Partnership to Creatively Identify New Career Opportunities

The Accessories Council and Laboratory Institute of Merchandising (LIM), the only college focused exclusively on the business of fashion will launch the Accessories Council/LIM TALENTSOURCE to help fashion and fashion-related industry professionals creatively identify new career opportunities. By pooling the distinctive assets of each partner: the broad membership of the Accessories Council and the career development skills of LIM, TALENTSOURCE will identify and prepare fashion professionals at various levels in their careers for approaching these new opportunities.

We have launched the TALENTSOURCE web page which features:

- \* A constantly refreshed database of resumes from fashion professionals
- \* An available bulletin-board for the posting of positions for hire

Visitors to the TALENTSOURCE web page have the ability to post job positions and resumes. Accessories Council members have the ability to search through and download posted resumes. If you are not a member and would like access to resumes posted on TALENTSOURCE, please contact the Accessories Council.

As part of the TALENTSOURCE program we will host a series of educational and networking events. Please visit our events calendar page on [www.accessoriescouncil.org](http://www.accessoriescouncil.org) for postings.
